## JARS TYPE XXIII PET

PET jars type XXIII create new types in group of jars for cosmetic creams. The variety of design and functionality of these packaging are the base of decision of buying this product. You can buy new jars in standard colour - brown, white or transparent as well as you can choose your individual colour - we propose dyeing these jars with high-quality dyes and decorating with overprints. The jars may be used in the cosmetic sector. We offer new PET jars along with closures with standard thread 100 - 400.

We also offer you attractive prices with these products.
